

Promote environmental stewardship and

GO GREEN

Our school is dedicated to inspire lifelong learning and promote the core environmental values of

Reduce, Reuse, Recycle, Respect!

By fostering eco-friendly choices we will ensure a healthy, vibrant community.

Did you know the average child produces 67 lbs. of cafeteria trash each year?

That's **18,760 lbs.** for one elementary school.

Please consider incorporating the following tips while packing lunches and snacks. Want to help more? Contact the office to volunteer.

TOGETHER we can all be *part of the solution!*

Every little action collectively makes a BIG impact!

Thank you!

Help reduce our **CAFETERIA TRASH!**

1. **Reduce** -A significant amount of trash is **food waste**. Portion control has numerous benefits. Buy/pack only what your child will eat.
2. **Reuse** -Save approximately **\$305/child**
Pack lunches in reusable containers; water bottles & napkins. Buy in bulk to avoid excessive packaging.

3. **Recycle** -Practice recycling at school & home.
Avoid items that are **NOT Recyclable:**

- Plastic ziplock bags
- Chip bags
- Plastic cheese, candy, etc. wrappers
- Capri Sun / metallic juice and apple sauce pouches.

***Did you know?** An enormous amount of juice gets thrown away everyday! Consider the healthy, less expensive alternative, WATER 😊!

Thank you for helping our school **go green!**
