

Make recycling easy! Help clarify what can and cannot be put in the recycle bin. Make signs with examples of everything we can and cannot recycle such as plastic bags, snack bar and candy wrappers, forks/spoons, napkins, and juice pouches.

1. Make a sign using a paint stir stick. Print this page and tape examples of stuff that cannot be recycled.

2. Make a sign and hang in the cafeteria entrance as a reminder! Graph results of trash assessment.

3. Make your recycling obvious and simple.

4. Monitor & weigh trash stations for 1 week during lunch dismissal. Be friendly and positive!

Thank you for your support. Please contact Peace, Love & Planet at PLP_Gina@me.com with questions or suggestions to make recycling easy. Thank you!
